**THIS IS NOT  
A CHAIR.**

This is what keeps you sitting straight.

This is months of design, more months of engineering, a few weeks of tweaking and years of study in solid ergonomic principles.

This is backed by the best warranty in the business.

This is one in an expanded portfolio of products designed to support you in the seated position – every day and during every task.

*WE'RE ALLSEATING BUT WE ARE SO MUCH MORE THAN CHAIRS.™*

This is where you spend the majority of your day.  
This is where new ideas come to life.  
This is where you sit and flex your creative muscles.  
Our highly flexible task chairs and personal  
work tools are designed to make every activity  
more comfortable.

**THIS IS NOT A  
WORKSTATION.**

# TASK

## fluid

One chair to fit all. A variety of adjustments can be tailored to support virtually any body type. Mesh seat distributes body pressure evenly and maximizes air circulation. Upholstered seat also available.

## you

Features a revolutionary u-shaped frame, unique mesh and back suspension that raises and lowers to create a convex curve that conforms to support the entire back.

## zip mesh

Available in two stylish mesh patterns, Zip Mesh combines style, performance and durability.

## c-pod

The most customizable back support ever designed! Five independent adjustment zones, each featuring 15 settings for completely personalized support. Three pivot points enhance body movement

# TASK

## backtrack

A sculpted seat and double-curve backrest respond to the ongoing movement of the body and a range of working styles and situations.

## chiroform

Features a fully contoured, double-curve backrest for superb lumbar support.

## chiroform ULTRA

Designed for heavy usage and the most intense tasks, Chiroform ULTRA is durable enough to take on the challenge – and look good doing it.

## inertia mesh

A classically modern design and breathable mesh back offer great looks and superior comfort at an affordable price.

## inertia upholstered

Delivers the same overall value and sleek design aesthetic as the Inertia Mesh Chair, but with an upholstered back.

## presto

Rugged construction, contoured back, molded seat foam and stylish design provide versatility, durability and functionality. Available in three sizes.

## therapod

Features a patented Customized Back Support System to accommodate every region of your back.

## viva

A dynamic mesh back chair with intuitive back adjustment that instantly responds to the needs of various users.

## zip upholstered

Sleek design and bright aluminum finish details add 'zip' to any workplace. Available in leather and a range of dynamic fabric patterns.

This is where you come together.  
This is where ideas are conceived – and debated.  
This is where careers are made.  
Our conference chairs are designed to support multiple users – and make boardrooms look anything but boring.

**THIS IS NOT  
A BOARDROOM.**

# CONFERENCE

**ray**  
Rational post-modern design features a React Mechanism that self-adjusts based on the weight of the user.

**zip conference**  
Looking cool under pressure, Zip Conference brings confidence, contemporary design and comfort to the boardroom.

**inertia conference**  
Features a contemporary conference arm detail to bring Inertia style and value to the boardroom.

**dax**  
Features a contemporary doublestitch design detail and optional two-tone upholstery for a stylish, yet versatile, look.

**twist collaborative**  
With its sculptured metal frame, Twist Conference brings a unique design element to the boardroom.

This is where guests take a seat.

This is where relationships are formed.

This is where exciting new developments are learned.

Our side chairs combine convenience and comfort into one well-designed package.

**THIS IS NOT  
A TEMPORARY  
SOLUTION.**

# SIDE / STACKING

**fluid side**  
Features a streamlined design and a breathable elastomeric mesh back to provide optimal comfort.

**inertia side mesh**  
Stylish, simple and sturdy with a breathable mesh back for optimum comfort.

**inertia side upholstered**  
A popular and contemporary side chair with the comfort of an upholstered seat and back.

**multiflex**  
A unique Flexion seat passively flexes with downward and forward pressure, while the molded back pivots back and forth to conform to body movement.

**rainbow side**  
Available in a broad spectrum of colors to brighten any workplace. Squareback also available.

**twist side upholstered**  
Sculptured metal frame comes fully upholstered or with a wood back to create a sleek, modern look.

**multi stack**  
Perforated design maximizes airflow while its molded back provides continuous support.

**rainbow stacking**  
A Squareback version of our colorful Rainbow stacking chair. Roundback also available.

**tis**  
Compact and space-saving, with the ability to stack up to 30 chairs high.

**twist side wood back**  
Twist, with its sculptured arms, puts a new, modern twist on stacking solutions.

**zip side**  
Mesh back with a choice of frame and fabric options to create a dynamic guest seating.

# STOOLS

**chiroform ultra stool**

Available in Highback and Midback models, brings ergonomic comfort to stool applications.

**dove stool**

Durable self-skinned polyurethane microcellular foam is ideal for tough usage environments.

**dove scooter stool**

Backless design for full freedom of movement.

**fluid stool**

Flexible elastomeric mesh stretched over a glass-filled nylon, stool height frame.

**inertia bar stool**

Available either fully upholstered or with a breathable mesh back for optimum comfort.

**inertia height-adjustable stool**

Inertia style and value take on new heights with this highly flexible stool package. Also available with upholstered back.

**presto height-adjustable stool**

Offers Presto's noted durability and rugged construction in a height-adjustable stool.

**zip stool**

A stylish sleek stool ideally suited for modern workspaces. Also available with mesh back.

# SPECIALTY

**multitek**  
A chair that goes the extra mile. With its perforated design, tilt mechanism and casters, Multitek is durable, flexible and suited for varied work environments.

**multiflex tablet**  
Featuring a sturdy tablet that can support up to 250lbs, Multiflex Tablet is a stable and comfortable addition to any classroom or training facility.

**presto 24/7**  
Durable design features a rugged construction for continuous use.

**presto petite**  
Same rugged design but in a frame that's ideal for smaller body types.

**chiroform ULTRA 24/7**  
Offers a sense of style and strength to even the most intense 24/7 applications.

**chiroform big**  
Reinforced, oversized model supports up to 500 pounds. Ideal for task-intensive environments.

THIS IS NOT  
A MONITOR  
ARM.

This is what keeps you looking ahead.  
This keeps everything you need in easy reach.  
This is what boosts your productivity.  
Our comprehensive line-up of personal work  
tools is designed to offer all the support  
you need while in the seated position.

# WORK TOOLS

## walltrak

The Walltrak systems vertically mount to a wall or a post to enhance the functionality of tight spaces. When required, key components can be reused or added to accommodate additional configurations.

## lighting

The Allseating lighting program offers solutions for creating directional lighting in a range of spaces. The slim design of the Ice Light Desk Lamp (shown) fits perfectly in contemporary working environments. Our flexible Under Cabinet Light and Light Stick enable you position a light source within the workstation without taking up valuable desk space.

# WORK TOOLS

## dual monitor support

Allows for the addition of multiple monitors with only a few components – maximizing the return on investment. Provides the ability to independently move and configure monitors and components to suit rapidly changing needs. Can be positioned portrait and landscape.

## single monitor support

Our gas assist and manual height monitor arms offer full modularity, ease of assembly and range of adjustability. When required, key components can be reused or added to accommodate additional monitors.

## keyboard tray combo

Allows users to easily adjust their keyboard and mouse to their ideal position to help avoid discomfort and repetitive strain injuries.

## cpu storage support

Enjoy easy access to your CPU – when you need it. Use the sliding swivel mount to gain 360 degree access. Simple design accommodates a wide range of CPU sizes.

Personalize the workstation with our line-up of document holders, footrests and laptop risers. Find them online at [allseating.com](http://allseating.com).

# THESE ARE NOT EMPLOYEES

These are, simply stated, the most hard-working, dedicated individuals you'll find in the business – and they are at the heart of what we do and how we do it.

Since you spend the majority of your day, every day, sitting in a chair, their sole focus is to design solutions that make being in the seated position more comfortable.

Whether it's through our flexible seating and ergonomic products, our dedicated customer service, or our ongoing commitment to making our processes deliver a triple-bottom-line benefit, our team bends over backwards adjusting to your needs.

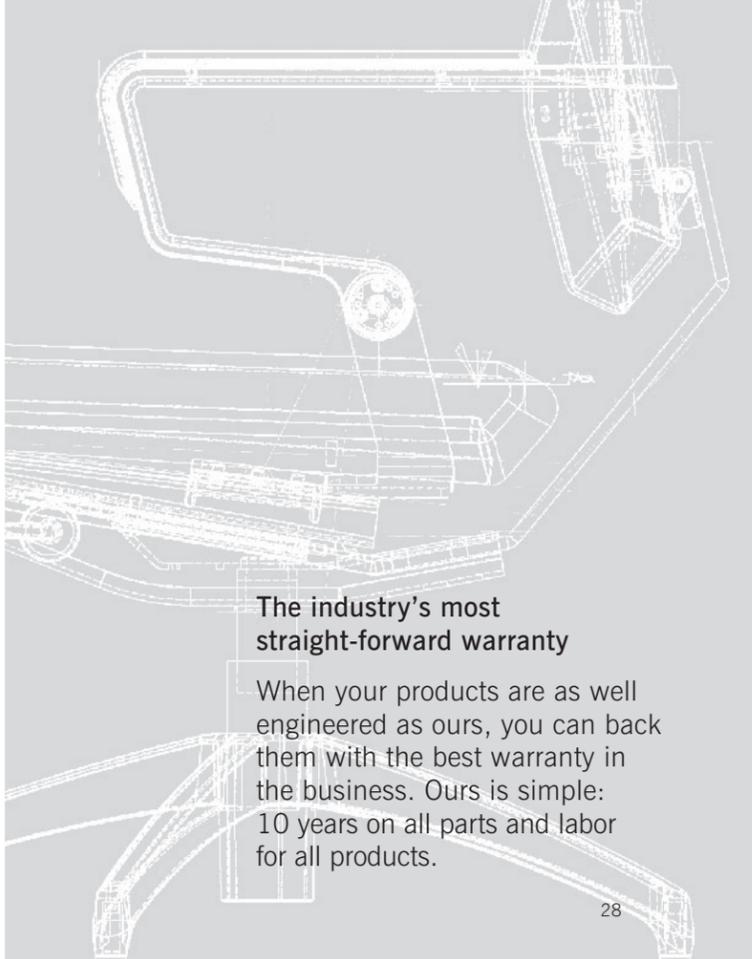

*Left to Right:*

- Gary Neil, President & Founder*
- Anna Przepiora, Purchasing Manager*
- Cindy Lawton-Moreby, Regional Sales Director*
- Nelson Ng, Quality Manager*
- Chris Binnendyk, VP Sales and Marketing*
- Phaedra Colosimo, Marketing Manager*

Creating a truly supportive work environment comes down to more than just award-winning product. (Although we have plenty of those, too.) Here are the many programs we've specially designed to make Allseating a comfortable choice.

# THIS IS NOT EVERYTHING.

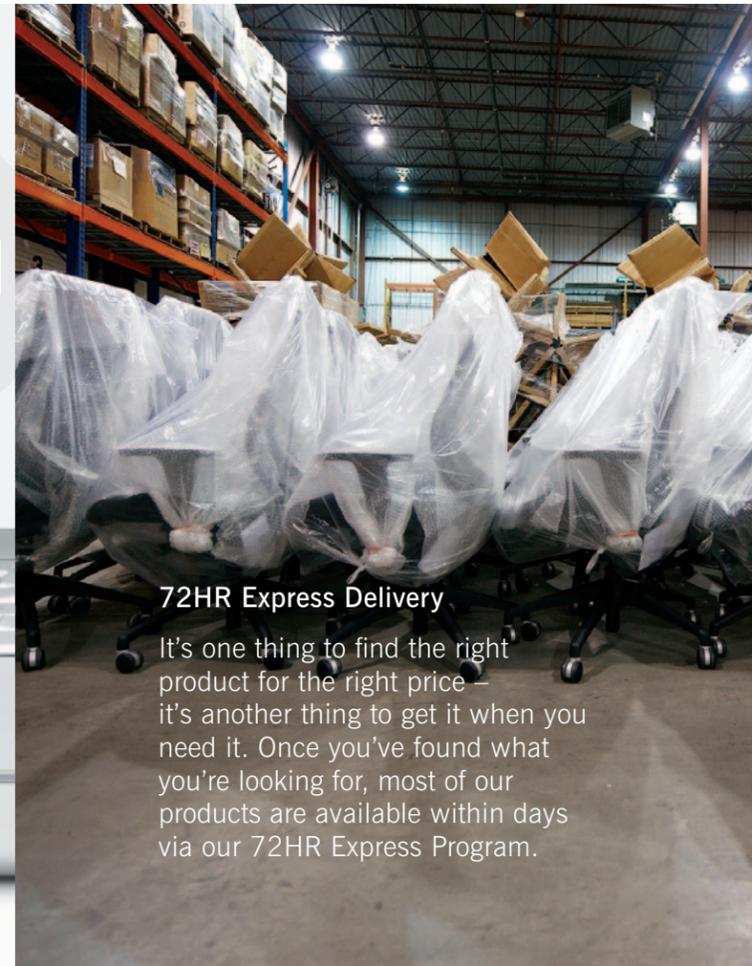

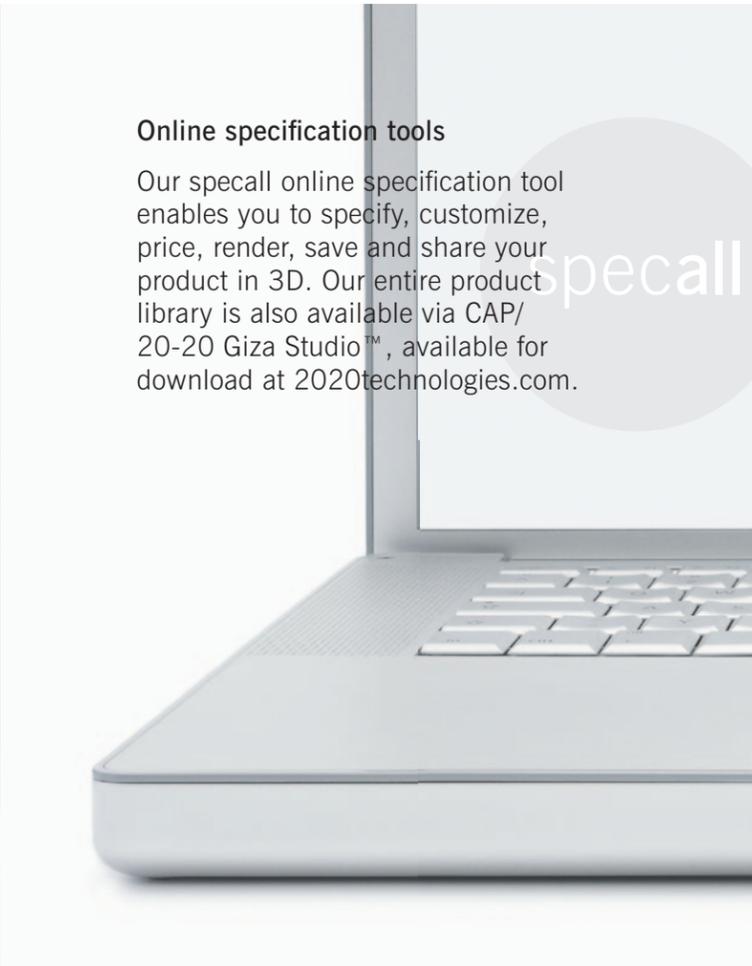

### The industry's most straight-forward warranty

When your products are as well engineered as ours, you can back them with the best warranty in the business. Ours is simple: 10 years on all parts and labor for all products.

### Online specification tools

Our specall online specification tool enables you to specify, customize, price, render, save and share your product in 3D. Our entire product library is also available via CAP/20-20 Giza Studio™, available for download at [2020technologies.com](http://2020technologies.com).

### 72HR Express Delivery

It's one thing to find the right product for the right price – it's another thing to get it when you need it. Once you've found what you're looking for, most of our products are available within days via our 72HR Express Program.

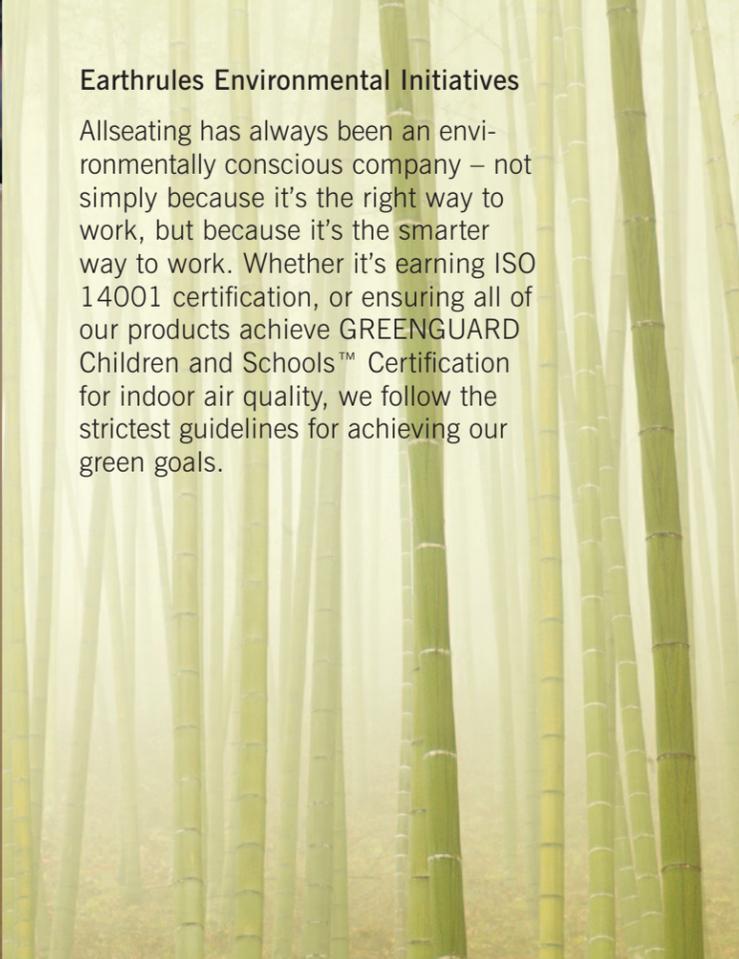

### On-time and error-free delivery

We've worked hard to integrate our ordering, manufacturing and delivery processes so you can sit back and rest assured everything will arrive as you expect it. We're proud to say that last year, 99% of our orders shipped on time and error-free.

### Earthrules Environmental Initiatives

Allseating has always been an environmentally conscious company – not simply because it's the right way to work, but because it's the smarter way to work. Whether it's earning ISO 14001 certification, or ensuring all of our products achieve GREENGUARD Children and Schools™ Certification for indoor air quality, we follow the strictest guidelines for achieving our green goals.
